

SWITCHMEN OUT ON BIG STRIKE

Between Seven and Eight Hundred Men Quit at Pittsburg.

ASK CHICAGO RATE

Effect on Business in the Tributary Commercial Territory Will Be Great.

CALL ON PINKERTONS

Pittsburg, Pa., Nov. 26.—The long threatened strike of the switchmen's union was declared this morning. Between six and seven hundred men quit work in the various yards in Pittsburg district. About two hundred Pinkerton detectives have been mobilized in the yards and several railroads have asked for police protection.

Very few men are at work in any of the yards. Six roads are affected.

The effect on business in this city and the tributary commercial territory will be tremendous. The men are confident of an early victory.

The demand of the men is that the Chicago rate be paid here. This rate is 27 cents an hour for day conductors and 29 cents an hour for night conductors of switch engines; helpers 25 cents day, 29 cents night. The Pittsburg rate at present is 25 cents for day and 26 cents for night conductors; 19 cents day and 20 cents night for helpers.

TELEPHONE GIRLS ARE LOCKED UP

Slight Case of Smallpox Causes Quarantine to Be Declared at Green Bay, Wisconsin.

Green Bay, Wis., Nov. 26.—The exchange of the Wisconsin Telephone company in this city was quarantined yesterday as one of the operators was found to have a light case of smallpox.

The office force of six girls are under guard, and all are prisoners within the building. The young women are all sick with fear of the disease, and it is feared some may succumb to nervous prostration as a result of their dread. The girl who is ill was taken to the hospital.

SAVED COLON FROM A BOMBARDMENT

Colombia Gunboat Person Has Withdrawn—Government Will Retake the City by Land.

Washington, Nov. 26.—The action of the United States forbidding the bombardment of Colon until due time had been given to non-combatants to leave, has probably saved that city from threatened destruction by fire. The Colombian gunboat Pinson has withdrawn from Colon and this is accepted as an indication that the proposed bombardment of the city has been abandoned and that the government forces have determined upon another plan of attack and to retake the city from the land side.

TERRIBLE DOUBLE TRAGEDY IN PARIS

Husband Finds His Wife Riding with Her Lover, and Shoots Them Both Dead.

Paris, Nov. 16.—A terrible double tragedy occurred this morning at one of the busiest centers of Paris. A gentleman stopped a carriage occupied by his wife and her lover. He shot his wife dead, whereupon the lover jumped out and was also shot dead. The husband was arrested.

CHEER THE NAME OF ROOSEVELT; ENTHUSIASM AT LIPTON DINNER

Guests in Happy Mood—Outburst Rivals Recent Notable Demonstration for King Edward VII.

London, Nov. 26.—The complimentary dinner to Sir Thomas Lipton at the Hotel Cecil last night was marked by a great outburst of enthusiasm over the name of Theodore Roosevelt. The dinner was a remarkably brilliant affair, the guests' table seating 440 of the most distinguished men of London. The great hall was decorated with yachting colors and English and American flags.

It was the most notable banquet held in London in recent years and its characteristic feature was good feeling between England and America. Every phrase and incident accentuating the good feeling was cheered with enthusiasm.

The climax was reached when Lord Tweedmouth, in terms of exceptional heartiness, proposed the health of Theodore Roosevelt, President of the United States.

The demonstration which followed rivaled the outburst of enthusiasm at

PREACHEES WILL GO INTO POLITICS

Milwaukee Clergymen Insist an Anti Gambling Declaration from All City Candidates.

Milwaukee, Nov. 26.—The Milwaukee Protestant Ministers will carry their campaign against vice in the city into the municipal campaign this spring. Objection is made by the Ministers' association to "wide open gambling" and to the kind of saloons which flourish without police interference. The Civic Righteousness committee was instructed today to visit the mayor and confer with him, if the mayor does not place himself squarely in line with the ministers' ideas a campaign from the different pulpits will be commenced upon him and waged unceasingly during the coming campaign.

FEAR MANY DEAD UNDER THE DEBRIS

Explosion of a Boiler in a Detroit, Mich., Factory, Made a Complete Wreck of Building.

Detroit, Mich., Nov. 26.—An explosion of a boiler in the engine room of the Henderly Injector company this morning completely wrecked the engine room and buried a large portion of the one hundred employees in the debris. Twenty-one are seriously injured and one dead has been taken from the ruins up to now. It is feared there are many more dead. No one is believed can be living under that mass of brick and timbers. The fire engines are playing on the ruins while volunteer rescuers are digging them out. The cause of the explosion is a mystery.

In the entire establishment about one hundred and thirty persons were at work including about fifteen girls. All of the girls escaped unhurt but one. At noon it was estimated at least twelve were killed or seriously injured. The property loss is placed at one hundred and fifty thousand dollars.

THE MOTHER AND SON ARE WELL

Alfred Vanderbilt's Child the Heir to \$80,000,000 Through Action of Cornelius.

New York, Nov. 26.—"Mother and son doing well," was the word given out at the Alfred G. Vanderbilt residence late last night. Mrs. Vanderbilt's condition is perfectly satisfactory, reported Dr. Erwin A. Tucker, the physician in attendance.

This eight pound morsel of humanity is born into almost as great an estate as is possible under this government. The romance of this inheritance has other features of interest besides the vast size of the fortune.

INDIANS AS FARMERS

Superintendent Estelle Reel Says in This Occupation is the Red Man's Salvation.

Washington, D. C., Nov. 26.—Wards of the nation to the number of 23,332 were enrolled as students in the Indian schools last year. Estelle Reel, superintendent of the Indian schools of the department of the interior, has forwarded a report to the commissioner of Indian affairs on the work of her department during the last year. She makes a strong plea for the education of the Indian as a farmer.

That the Government has been liberal in its appropriations for the education of the Indian is shown by the fact that, while its first appropriation in 1819 was but \$10,000, during the year just passed the sum of \$3,244,250 was expended.

NEW ELDORADO AT CHUMCHUM, SIBERIA

St. Petersburg, Nov. 26.—The newspapers today describe a new Eldorado at Chum, Chum, Siberia. The deposits the paper declares are similar to those in the Klondike. Thousands are flocking to the place.

FIGHTS 150 FILIPINOS ALONE; CHARGES BOLOMEN SINGLE HANDED

Lieut. Van Schaick of the Fourth Infantry, While Scouting Ahead of His Party, Comes Upon a Party of Natives—Kills Three Men.

Manila, Nov. 26.—Lieutenant Louis J. Van Schaick of the Fourth Infantry, who was out scouting with five men, encountered 150 bolomen, who were returning after having sacked the defenseless town of Siaraca. Lieutenant Van Schaick killed three of the bolomen. At that time his arm had been almost severed, and the soldiers rescued him and routed the rebels. The 150 insurgents had attacked and sacked the hamlet of Siaraca, near Cavite. Upon seeing the Filipinos Van Schaick ordered his men to charge them. The command was obeyed, and Van Schaick, being mounted, reached the insurgents sixty rods in advance of his men.

Kills Three Single Handed. He killed three of them with his revolver. An insurgent fired his rifle point at Van Schaick at four paces, but missed. The Lieutenant was then knocked from his horse. He jumped to his feet and engaged in a hand to hand combat with the enemy, using the butt of his revolver. He sustained two severe wounds, one of which nearly severed his wrist.

At this point the Lieutenant's men arrived, rescued him, and put the insurgents to flight. Van Schaick is in the military hospital at Manila and is doing well. He has already been recommended for a medal of honor for bravery in a previous engagement.

Insurgent Leader to Surrender. General Hughes, commander of the Department of the Visayas, reports that negotiations are about completed for the surrender of the insurgent leader Samson, on Bohol island. This surrender will doubtless end the revolt against the American authority in Bohol, as Samson is acknowledged to be the best insurgent leader there.

BADGERS OPPOSE THE FINAL GAME

Wisconsin Regards a Post-Season Contest with Michigan as Now Out of the Question.

Madison, Wis., Nov. 26.—Rumors have been flying about thick and fast today to the effect that a Michigan-Wisconsin post-season game has been arranged, but they cannot be verified. A meeting of the athletic board was held last night and the matter was gone over and discussed. After the meeting Capt. Curtis stated that a game would not be played; that Wisconsin offered to play Michigan early in the season and Michigan refused the offer; and that it was not Wisconsin's place to make any propositions looking to a post-season game at the present time.

Captain Curtis is strongly opposed to a post-season game, as are also several members of the team. It is understood that for a time there was some possibility of such a game being arranged, but now there remains only the slightest possibility of arrangements to that end being perfected.

VETERANS RETURN FROM BATTLEFIELD

Wisconsin Men Who Went to Vicksburg to Locate the Monument Sites.

Madison, Wis., Nov. 26.—Ex-Senator William F. Vilas, Capt. F. H. Magdeburg and several other members of the Wisconsin Soldiers' Home Monument committee, returned yesterday from the battlefield of Vicksburg where they went last week to finally locate the positions of the sixteen Wisconsin regiments which took part in the siege of Vicksburg from May 19 to July 4, 1863.

When the report is drawn up it is thought it will be presented to Governor La Follette, who will undoubtedly recommend some appropriation by the next legislature for the erection of monuments for the perpetuation of the historic spots in the national park there. In speaking of the trip yesterday Capt. Magdeburg said:

"The commission, sixteen in number, arrived at Vicksburg on Wednesday evening and remained there until Saturday evening, when the majority of us left for our homes again. During the time spent at Vicksburg, we went over the ground carefully and we believe that we have located the various positions of the sixteen Wisconsin regiments that took part in the many battles of the siege."

HENRY REIFENBERG GIVEN TWO YEARS

His Case for Burglary in Beloit Was Disposed of by Judge Dunwiddie Today.

The case of the state of Wisconsin vs. Henry Reifenberg of Beloit for burglary was called yesterday afternoon in the circuit court. District Attorney Jackson appeared for the state and O. A. Oestrich was appointed to look after the interests of the accused.

A jury composed of Hiram Proctor, J. R. Duthie, J. B. Dearborn, W. E. Spicer, Charles Van Wart, Andrew Sabersohn, Jay Walker, Robert Clark, Myron A. Patchen, Wm. Bradley, W. E. Clinton and H. Blunk were drawn to try the case.

Caroline Ludwig, Mary Howard, George H. Sale, George M. Appleby, J. R. Booth, Ray North, Mrs. Callahan, E. A. Howell, Cash Whipple and Rody Schell were sworn by the state and made a strong case against the defendant who had no witnesses on his behalf.

The evidence was all in and the arguments concluded so that the judge gave the case to the jury at 10 a. m. The jury did not take long to fix upon a verdict and found the defendant guilty on the second count of the information, which was breaking and entering a house with intent to commit robbery. District Attorney Jackson moved that sentence be passed upon the prisoner and Judge Dunwiddie sentenced him to a term of two years in Waupun at hard labor, the 11th day of June in each year to be solitary.

Janesville's free kindergarten will open its doors for the first time next Monday morning, December 1, in the rooms on the Conrad block on South Main street. All the supplies have been purchased and will arrive this week and Miss Grace Spoon, of this city, who has had some experience in kindergarten work, has been engaged by the executive committee of the Kindergarten association as assistant teacher. Miss Wilcox will be the director and it is possible that in the near future the work will be enlarged by the addition of a corps of volunteer teachers, young ladies who wish to become kindergartners and who will give their services in return for the training and experience which they will receive. Several young ladies in the city are anxious to do this work and if the executive committee finds it advisable to extend the plan in this manner, it will mean that a larger number of children can be accommodated.

The Ladies' Aid Society of the Baptist church meets tomorrow morning at 10 o'clock.

William Monshau and Miss Cora Dwyer will be married this evening at 8 o'clock at St. Patrick's parsonage by Dean E. M. McGinnity.

ROYAL PAIR HAVE HAD A QUARREL

Queen Wilhelmina and Consort Disagree Over His Gambling Debts and He Goes to Prussia.

Amsterdam, Nov. 26.—The correspondent of the Rhenish Gazette said it is reported Prince Henry has had a quarrel with Queen Wilhelmina about his gambling debts and that his departure from Holland was due to this cause. It is also stated that a great coolness has sprung up between the couple, and also between the prince, and the queen's mother.

Queen Wilhelmina is Better. The Hague, Nov. 26.—Queen Wilhelmina continues to make satisfactory progress. The court is expected to return here in the middle of Dec. Her husband, Prince Henry of Mecklenburg-Schwerin, leaves Loo today for Bukelburg, in Prussia. The feeling against Prince Henry is growing bitter.

TERRY MCGOVERN IS THE FAVORITE

Sports Rushing to Hartford, Conn., to Witness the Fistic Battle on Thursday Night.

Hartford, Conn., Nov. 26.—The city is rapidly filling up with sports come to witness the championship battle between Corbett and McGovern. Corbett will finish training tomorrow night.

Terry McGovern put in another day of training for his fight with young Corbett Thursday. He leaves for Hartford tomorrow. Little betting. McGovern is a favorite at 2-1 to 1.

DRILLERS TO BUILD A FREEZING PLANT

Knickerbocker Ice Company Has a Unique Scheme on Foot to Make New Ice.

Albert J. and Elmer Hines, the well-drillers, will start Monday on the wells for the Knickerbocker ice company on the flat near the Wheeler farm in the town of La Prairie. Their contract calls for two four inch wells about four hundred feet deep with a sufficient water supply to furnish a freezing plant.

Hines Bros. do not expect to get flowing wells but expect that the water will have to be raised by pumps and forced through pipes to the freezer. The Knickerbocker company do not intend to have a miniature lake but expect to erect a freezing plant that will furnish them with ice both winter and summer.

A plant of this kind will be quite a novelty in this part of the country, although a number of small freezing plants have been put in by the breweries and other business enterprises where ice is a necessity. This will be the first plant about here where a company has undertaken to manufacture ice in sufficient quantities to supply a city and the surrounding country. Hines Brothers anticipate no trouble in getting a couple of wells that will furnish sufficient supply for the needs of the company.

MRS. DALE IS HYSTERICAL

Woman Confident Her Husband Will Not Appear Against Her.

New York, Nov. 26.—Mrs. Elizabeth Howe Dale, who is detained in custody in a hospital at Hoboken, N. J., pending investigation of the cause of death of her little daughter, continues hysterical and unfit to be arraigned in court. She insists that her husband, Harvey S. Dale of Chicago, will not appear against her. Dale was expected to reach Hoboken today from the west, but thus far the police authorities have received no response to any of the numerous telegrams that have been sent to him asking him to come east.

Waller, who is held on a statutory charge, will be given a hearing in the evening.

Major B. H. Dally, of the First regiment, W. N. G., agent for the Star Union line, was in the city today from Milwaukee looking after business interests.

ANNUAL EXPORTS OVER \$250,000,000; REPORT OF SECRETARY WILSON

Past Year the Most Successful—Of Exports Valued at \$950,000,000 the Farm Furnishes 65 Per Cent.

Washington, D. C., Nov. 26.—The annual report of the Secretary of Agriculture was made public today. According to it, the highest record previously attained in the export of agricultural products—in 1898—was surpassed by over \$90,000,000 in the fiscal year of 1901, when a value of over \$250,000,000 was reached. Of the merchandise sent abroad during the year 65 per cent. originated on the farm.

Our agricultural exports to Cuba, Porto Rico, and the Philippines during the year comprised about 53 per cent of the domestic merchandise sent to these islands. Our imports of agricultural products from these islands exceeded our exports by just \$20,000,000.

A large portion of the report covers the subject of animal industry. The grand total of animals and animal products exported during the year exceeded \$250,000,000 in value. This bureau inspected for export \$85,000

EVIDENCE WAS FOUND FALSE

Gov. La Follette Grants Pardon to the Bedell Brothers.

CASE OF SULLIVAN

Arguments Before the Governor for Pardon for Murder of Asa Gordon.

JOBS FOR 190 PEOPLE

Madison, Wis., Nov. 26.—(Special) The Bedell Brothers, Frank and Dick, sent to prison from Sauk county in 1899 under conviction of horsestealing, have been granted absolute and unconditional pardon by Governor La Follette, after a special investigation into the case, the governor being satisfied of their innocence of the charge. Their conviction was based mainly on the evidence of William Good, who testified that the Bedells delivered the stolen horses to him, and that after selling them in an adjoining county he divided the money with Frank. Good himself was sentenced to a term in the state reformatory later, and since his confinement there has made a sworn statement that his evidence at the trial was false, and that the Bedells were not implicated in the horse-stealing.

Ask Pardon for Sullivan from state prison of George Sullivan, who has served four years of a fourteen-year term in state prison for the killing of Asa Gorman near Trippville, Vernon county, was argued before Governor La Follette yesterday afternoon by the convicted man's father, J. Sullivan, an attorney of Vernon county. Sullivan shot Gorman with a rifle after a fierce fight in his dooryard, in which Sullivan was badly wounded. He claims that when he fired Gorman had a revolver pointed at him. This revolver had been in Sullivan's possession and was fired while in his hands during the fight, after which Gorman took it away from him. It was of the same calibre as the rifle, a 32, and it was a question whether the wound from which Gorman died came from the rifle or the revolver.

Gorman's jealousy of his wife led to the trouble. The two men lived on adjoining farms and Sullivan was a bachelor. His father held that there was nothing in the evidence to show that the jealousy was warranted and said Gorman, who was of a jealous and vindictive nature, had had trouble of the same kind before, and that he himself had twice defended him for breaches of the peace.

State Employment Bureau. Places for 190 persons out of employment were found last week by the free state employment bureaus at Milwaukee and Superior. There were 275 applications for employment and 192 applications for help filed. All but two of the applications for help were filled, while 85 failed to find employment.

Since the bureaus were established July 1, 4,028 applications for employment and 4,136 applications for help have been filed; 692 applications for employment and 802 applications for help were unfilled.

RELIEF IS ASKED FOR THE CHINESE

Consul General Goodnow Says Half a Million Are Starving in Yangtse Valley.

Washington, D. C., Nov. 26.—John Goodnow, Consul General at Shanghai, reports to the state department that there are over 500,000 people in the Yangtse Valley who will starve this winter unless they get help from the outside. A committee of foreigners and Chinese has been formed in Shanghai to relieve these people, and all foreigners in China are subscribing liberally.

FORTY-TWO MILES OF CITY SIDEWALK

Meeting of the City Council Held Last Evening—Quite a Batch of Routine Business.

A regular meeting of the common council was held last evening in the city hall. Mayor Richardson and all the aldermen were present except Alderman Valentine. The reading of the minutes of the last meeting were dispensed with.

The claim of A. R. Hanson for a rebate of \$12.60 for a sidewalk built by the city in front of lot 90, Mitchell's addition to Janesville without notice to him, was referred to the highway committee who asked for further time to investigate.

The claim of Elma R. Palmer for a rebate of \$146.01 on account of an error in assessment was referred to the finance committee and later allowed.

The bond of Brown and Connors for cement work on South Franklin street, Pleasant, Marion and Academy streets was reported in due form and the securities good and accepted.

Fethers, Jeffries and Mount as attorneys for the First National Bank, served a notice on the council that they would hold the city liable for any moneys paid out on John Martin claims until their account was first satisfied.

The report of the street commissioner of sidewalks built by him was received and placed on file.

Assistant street commissioner, Ross, filed a report showing that the city has about forty-two miles of sidewalks as follows: Thirty miles of wooden walks, nearly eight miles of concrete, nearly three of cement and about one and one-half of brick or stone. These have cost about \$56,983 and \$38,400 of it is for wooden walks. Mr. Ross also recommended the adoption of an ordinance requiring all new walks to be built of some enduring material which would lessen the number of damage suits against the city.

Mayor Richardson refused to sign the orders passed at the last meeting for work done by John Martin for the reason that there is some dispute as to where the money belongs. The mayor's action was concurred in by the council and the matter deferred until the next meeting.

The petition to vacate North street was presented and accepted. The mayor was instructed to enter into an agreement with the Northwestern officials in regard to the building of the viaduct at Galena street.

The finance committee reported favorably on a batch of bills and the same were ordered paid.

The city treasurer was notified to transfer the following amounts from the ward funds to the general fund to pay for crushed stone used during 1900 and 1901: First ward, \$948.75; Second ward, \$171.53; Third ward, \$225.25; Fourth ward, \$381.33; Fifth ward, \$203.78.

The orders adopted at the meeting of the council November 14th to pay the First National Bank \$1,485.97 and Field Bros. \$873.00 as assignees of John Martin were repealed.

The clerk was instructed to draw an order on the general fund to pay city note No. 53 for \$6,025 and one for \$15,306.67 to pay notes given for city hall and library sites.

The street assessment committee filed a report showing that on the John Martin contract for Court street, there was due \$3,332.14 to Martin and his bondsmen after the city had been paid for the stone and the use of the roller, and the money paid out by the city to complete the contract returned.

The city clerk was instructed to draw an order on the treasurer for \$1,373 in favor of James Cape & Son for work on North Bluff street. He was also ordered to draw orders for Brown and Connors for work on Pleasant, Academy and Dodge streets and P. W. Ryan for South Second street.

An order for \$5,000 in favor of James Rowson & Son on their city hall contract was ordered drawn. The street commissioner was instructed to build a brick walk across Pearl street on the south side of Mineral Point avenue.

Alderman Hutchinson announced to the council that the C. M. & S. P. R. R. had macadamized Prospect avenue in accordance with their agreement and moved that the work be accepted. Alderman Gilkey wanted to know where the account of the crushed stone used and the bill for the use of the roller was and wanted it passed upon by the finance committee. The work was finally accepted by the council. On motion of Alderman Gilkey the council adjourned.

Appendicitis does not result from hard substances lodging in the vermiform appendix. The trouble is caused by a pathological condition of either stomach, bowels or liver, or of all. The sure way to escape it is to keep all the organs in perfect health by regularly taking Dr. Crane's Quaker Tonic Tablets. Cost fifty cents.

To spend \$35,000,000.

Chicago, Nov. 26.—Expenditures to be made by the Pennsylvania Railroad company for new equipment for the year 1902 will break all records and will establish a figure which will probably never again be approached by any railroad company in the world. Its present plans are carried out the company will give orders for new equipment which will require an expenditure of \$25,000,000. In addition to this the Baltimore and Ohio company, which is now owned by the Pennsylvania interests, will expend between \$6,000,000 and \$10,000,000 for the same purpose. Considering the two companies as one in financial interest, the total expenditure for equipment for the year will be between \$30,000,000 and \$35,000,000.

Kodol Dyspepsia Cure

Digests what you Eat

Many digestive compounds and tablets are recommended to cure dyspepsia by digesting food with the pepsin they contain. Most of these possess merit, but they all fail in many cases, because pepsin digests only albuminous foods, such as eggs and meat. But we must eat more than eggs and meat; and some of the worst cases of dyspepsia are caused by indigestion of fats and starches and other foods which pepsin cannot digest.

There is one preparation that contains all the digestants. It is Kodol Dyspepsia Cure, which digests what you eat, and has been used with remarkable success,—not a single failure to cure being reported from the many thousands who have used it.

J. E. Peabody, Pittsfield, N. Y., says: "The first dose of Kodol Dyspepsia Cure relieved my son of stomach and heart trouble, and four bottles of it cured him. I heartily recommend it."

THE MACHINE.

Professor Judson of the Northwestern University, recently gave expression to the thought that a machine was necessary to the success of a political party. The Chicago Tribune, noted for its peculiar notions of political parties, took exception to the professor's statement, and claimed that a "machine" was not possible without bosses, and that political bosses were always corrupt.

While the Tribune is a great news paper, and is so recognized throughout the West, its record as a republican journal is not above criticism. The paper is so much of a reformer that its influence is weak. It is so virtuous on political questions that it frequently leans the wrong way. Party loyalty is not a part of its creed. If the acts of a republican governor meet approval, he is complimented; if not, he is maligned and abused. The civic federation is a greater organization than the republican party and a reform candidate is supported for city office, at the expense of a party member, who possesses moral standing in equal worth. The candidate for the council are selected and supported without reference to party nominations. To put it in a nutshell the Tribune is "too pure" to be loyal to the party that it claims to serve.

It is to be expected that it would take exception to the statement made by Professor Judson, because the word machine has long been a night mare in the Tribune office. The professor, however, is right in his premises. It is evident to any thinking man, whose hide is loose enough to absorb anything in the practical school of everyday observation, that organization is necessary to the success of any enterprise.

This fact is so thoroughly recognized in the business world, that it is not only adopted, but practiced so completely, that no one questions its utility. Call it a machine, a board of directors, a little group of officials, or a one-man power as superintendent, it all amounts to the same thing. No corporation would attempt to do business without some concentration of energy and ability.

What is true in business is equally true in the social and religious world. Every club has its promoters, and every church its officary.

You might as well try to run a political party without organization as to run the railroad in the same happy-go-lucky manner. There are plenty of people known as kickers who could manage a railroad better than it is managed, and who would not hesitate to take a whirl at the Universe if the good Lord would only give them a chance. People who are never in harmony with anything but their own sublime egotism. When a newspaper takes on this sort of self righteousness the situation becomes ridiculous.

If the republican party has a weakness today, it is lack of thorough organization. The machinery of the party should be so complete and so well adjusted, that friction would be an unknown quantity. The party in Wisconsin has suffered for years for lack of proper organization and management. The democratic party is wandering around in the wilderness, without a leader, for the same reason.

It is easy to say, and many people believe, that men who attempt to help a political party through organization, are bosses, and machine politicians. While the work is purely voluntary, and may be abused, yet as a whole the statement is false, and a libel on the party in question.

Gold Democrats flocked to the standard of republican leadership in 1896 and 1900, to save the nation from fanaticism and theoretical dishonesty. The republican league of Wisconsin today is maintained for the sole purpose of saving the party and the state from experiences that have been a curse to Kansas for years. Call it a machine and think of it as you will, organization and intelligent conservative leadership and direction is vital to the life of any political party. Professor Judson is right about the machine.

THE GAME LAWS.

The game laws of Wisconsin are a farce in many respects. Under the present law the running of sneak boats for ducks is permitted. Ducks may be placed 200 feet from natural rushes, and it has been discovered that natural rushes are not difficult to find in open water anywhere.

An enterprising Koshkonong hunter planted a lot of reeds in empty nail kegs, and sunk them half a mile from shore. This gave him a chance to run out his decoys from cover half a mile away. This kind of sport may be all right for the market hunter, but it is a bar to the sportsmen.

The law imposes a tax of \$25 as a license for non-resident deer hunters and then prohibits shipping more than two carcasses. As a result this class of game is slaughtered, just for

the sport of shooting and then left to rot on the ground.

The law is defective both on deer and aquatic fowls. A man may not shoot on his own farm without a state license, and yet an Indian may hunt over his reservation at will.

The sportsmen of the state who believe in the protection of game and who are opposed to pot hunting, and reckless slaughter should get together and frame a practical bill, and ask the next legislature for a law that has some merit in it. The present law may be all right as a money get but it is wrong from almost every other standpoint.

J. W. Cochran of Centralia, has been elected county assessor of Wood county. Mr. Cochran is attorney for the Milwaukee & St. Paul road and was for many years a partner of Judge Webb. He is well qualified for the work of assessor. Mr. Cochran was a La Follette man a year ago, but he is no longer in sympathy with him, and says he has no use whatever for one-man power, and he never did have any use for the primary election law in any form. There are others who have changed their opinions.

James A. Hearne & Co., proprietors of one of the largest department stores in New York, employing thousands of young people, have recently established a school with competent teachers for the benefit of employees. The common English branches are taught and no fads or trills are permitted to interfere. The school is a good object lesson for modern educators.

An effort will be made to combine the Canton monument, and Washington Memorial arch fund, under one management. This is a move in the right direction. One was conflicting with the other, and both have waited too long for general support. If a ten-cent popular subscription had been opened two months ago, a million dollars would have resulted in a week.

London has decided to grant Charles T. Yerkes the concession asked for in the underground railway system. Mr. Yerkes proposed to quit the field, and this brought the conservative Englishmen to time. With skyscrapers, and modern transit, the old city will be revolutionized.

Chicago has manufactured 400,000 overcoats during the last two months and all of them were sold before they were made. Two of the leading houses shipped 55,000 in two weeks. That record beats a soup house business as much as a protective tariff beats free trade.

The establishing of a reciprocity commission, as recommended by the manufacturers' association, is practical and will doubtless be favorably received by congress. Hasty action will not meet with public approval, and a small commission can give the matter intelligent attention.

The Englishman who gained notoriety by catching a turnip on a fork, after it had dropped 400 feet from the top of the Masonic temple, will go home with a swelled head. American freaks are satisfied to dive from the Brooklyn bridge and navigate the Niagara in barrels. Turnips are not in it.

A cat delayed the work of the International Traction Co. of Niagara, for two hours, the other day, by climbing a trolley pole, and getting mixed up with the feed wires. There was nothing left of the cat but a memory.

ABSURD.

In the intensity of their desire to clear Governor La Follette of blame for using a special train in campaign last year, at rates less than those extended to the general public and hence contrary to law, some of the otherwise astute half-breed brethren are saying very illogical things, the like of which they would hardly be guilty of in any other connection. For instance the Oshkosh Northwestern avers "that any other campaign orator, in exactly the same service and under similar conditions could have secured the same rates" that were made for Mr. LaFollette, and so attempts to make out that no special favor was granted to him. Then, by parity of reasoning, it is plain that all public officers, being of a class by themselves, would be justified in accepting transportation from the railroads at rates less than are extended to the general public, or even "free gratis for nothing," although this is the very thing forbidden by the anti pass law!

As he and the writer were contemporary riders of the Latin "pony" in the Lawrence university "free for all," a generation ago, we are safe in saying that Dr. Hicks of the Northwestern is classical scholar enough to know what "reductio ad absurdum" means, as he must admit that he has himself and not The Post primarily to blame for the fix he is in.—Appleton Post.

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhoea than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development, and checks any tendency to cancerous humors.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yields to it.

Womb troubles, causing pain, weight, and backache, instantly relieved and permanently cured by its use. Under all circumstances it acts in harmony with the laws that govern the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, Faintness, sleeplessness, flatulency, melancholy or the "blues," and backache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures.

Kidney Complaints and Backache of either sex the Vegetable Compound always cures.

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

ENGLAND'S ENVOY.

PERSONALITY OF THE MAN WHO BRINGS THE CANAL TREATY.

Most Popular British Ambassador Washington Has Ever Known—How Lord Pauncefoot Worked Up the Diplomatic Ladder.

The most important diplomat in Washington this week is the British ambassador to the United States, Sir Julian Pauncefoot, who has just returned from England with the new treaty in relation to the Nicaragua canal. Lord Pauncefoot has had an interesting and brilliant career. He is what is usually defined as a self-made man. His promotion in the British service has been rapid and honorable because of his ability.

It was in 1880 that Sir Julian was appointed minister to this country, succeeding Lord Sackville West, whose walking papers, it will be remembered, were made out by Cleveland in consequence of a memorable piece of epistolary folly. At that time Lord Pauncefoot was undersecretary in the foreign office and was not selected, as are other diplomats, because he was in line for the place. He was given the appointment because he was a man of broad common sense, great political sagacity and on account of his comprehensive knowledge of the great questions in dispute between the United States and England at that time. The wisdom of Lord Salisbury's choice has never been seriously questioned, so far as the public knows.

Lord Pauncefoot was born at Munich and is the third son of the late Sir George Pauncefoot of Preston Court, Gloucestershire, England. After studying law for several years he went to Hongkong and practiced at the bar. In 1866 he became attorney general of that place and soon afterward was made chief justice of Hongkong. Early in the seventies he returned to Great Britain to be knighted.

Soon after his return to England Sir Julian was appointed chief justice of the Leeward Islands, but a few months later was ordered home in a hurry to be assistant undersecretary of state for foreign affairs. In 1885 he was one of the delegates to draw up the act for the regulation of navigation in the Suez canal and four years later came to this country as envoy extraordinary and minister plenipotentiary to the United States. In 1893 he was appointed ambassador.

Although his duties have been most arduous and his position weighty with vast and important interests, Lord

LORD PAUNCEFOOT.

Pauncefoot today shows little signs of the tremendous mental and physical strain under which he has labored. Indeed, although a man of seventy-three years of age, he is so remarkably hale and hearty that one would never take him to be a day over fifty. Undoubtedly his good health is owing to the systematic and regular exercise he has always taken. His hobby is fencing, and he can wield a foil or light sword most deftly.

The British ambassador is a very approachable and unostentatious man, simple in his ways and extremely hospitable. He is essentially British, big of frame, with a large head and a ruddy face. He has a weakness for the old book stores and has many rare books which he has picked up in London, Paris and all over Europe and Asia.

Lord Pauncefoot entertains most handsomely during the winter seasons in Washington and has, it is said, an allowance of \$20,000 a year for "table money" in addition to his annual salary. It being the policy of the British government to give their representatives plenty of money. The British embassy is an ideal place for entertaining and is a center of great social importance in Washington. The dinners given there are next to the dinners of the president, vice president and chief cabinet officers and are the most important social events of the season.

The home of the ambassador is spacious, with large parlors and dining room and with a ballroom spacious enough to meet the requirements of a hospitality which Lady Pauncefoot and the four daughters of the family have made famous for its grace and cordiality.

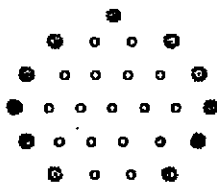

The English statesman has an interesting family. Lady Pauncefoot is a daughter of the Norfolk branch of the house of Cubitt. Her father was Major Cubitt of the Indian army and military secretary to the government of Calcutta. She married Sir Julian in Dresden. The eldest daughter, Miss Maud Pauncefoot, was born in Dresden and educated in London.

There is a family, real or imaginary, in which the ages, counting in full years, are connected mathematically in a very curious manner. The age of the elder child is the square of that of the younger child, and the age of the grandmother is the square of that of the eldest child. The ages of the two children multiplied together give the age of an adopted daughter. The mother's age is equal to those of the two children and the adopted daughter's added together, and the age of the father is the difference between the mother's and grandmother's ages. Find the ages of the several members of this remarkable family.

Just a chance meeting in the rain and so many things to talk about. That means

wet feet and a neglected cold. Then comes the hacking, lingering cough, and the doctor looks serious and talks of pine woods or mountain air.

That is the time when Dr. Pierce's Golden Medical Discovery proves its value. It has cured hundreds of cases of "weak lungs," obstinate, lingering cough, bronchitis, spitting of blood, and other forms of disease, which if neglected or unskillfully treated lead to consumption.

"About eight years ago I had a dreadful cough and hoarseness," writes Mrs. Ida F. Edwards, of Sterling, Sanpete Co., Utah. "I tried several kinds of medicine but without any effect; at last I tried Dr. Pierce's Golden Medical Discovery, of which I have taken four bottles, and my cough is entirely cured."

Sick people are invited to consult Dr. Pierce, by letter, free. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

THREE LINES, THREE TIMES, 25c

or a feather duster on stilts? Well, it isn't. It's a turkey, and a pretty fine specimen at that. Stands two feet six in its stocking feet and weighs eighteen pounds—at least it will when it is fattened up ready to kill at Thanksgiving time.

"So you are going to fatten it for Thanksgiving, are you? I should think it would be cheaper to buy one at the time already fattened."

"It may look that way to you, Matilda, but I don't think so, and I've got the figures right in my head to prove it. That turkey just as it stands—it was now strolling about the yard—cost me exactly one dollar. I am going to make a pen for it from the old lumber about the place, which will cost, say, five cents for nails, and feed it on corn and scraps from the table. The scraps will cost nothing, and it won't take over fifty cents' worth of corn to fatten the turkey up in first class condition for our Thanksgiving dinner. That will make the total cost one dollar and fifty-five cents, and I'd like to see you go into any market and buy an eighteen pound Thanksgiving turkey at that figure. At the lowest estimate it would cost sixteen cents a pound, or a total of two dollars and eighty-eight cents; so you see I will save a dollar and forty-three cents, besides the satisfaction of having a genuine corn fed turkey for our Thanksgiving dinner. That is worth all the extra trouble. Of course you can buy what they call corn fed turkeys, but you can't be sure of getting the real article unless you purchase the corn and the turkey separately and mix them yourself. Just keep your eye on that turkey a minute, Matilda, while I go into the house and get the hammer and nails."

When Boggles returned a moment later with the articles in question, he was unpleasantly surprised to see Master Turkey over in the adjoining yard, calmly roosting in a tree-top about thirty feet from the ground.

"I thought I told you to keep your eye on that turkey, and now just see where it is!" he exclaimed reproachfully. "You've attended to the job in fine shape, I must say!"

"I haven't had my eyes off the turkey while you were away; but, not having a scoop net, I don't see how I was to stop it from flying up into the tree if it wanted to," remonstrated Mrs. Boggles.

"Well," said the ungrateful Boggles, "you go along into the house, where you can't do any further damage, and I'll see if I can coax the turkey down out of the tree and get a pen built around it so it can't get away again."

Two hours later Boggles came into the house looking as if he had been through a six weeks campaign and announced:

"Well, the pen is done, and that turkey is inside of it, though goodness only knows how long it will stay there. I've named it Hannibal because the pen was as high as the Alps I believe it would go over the top of it. It's been out twice already."

Dire were the tales of that feathered biped's doings which greeted Boggles upon his return from his office next evening. The turkey had got over into Neighbor Jones' poultry yard, it seemed, killed an entire brood of late chickens and half killed two of his best roosters.

Well, Boggles settled the damages, chased Hannibal back into the pen, added another wire extension to the top and went on about his daily business, sustained and soothed by the thought that he was at least sure of corn fed turkey for his Thanksgiving dinner.

The fateful final Thursday in November came at last—the turkey had escaped from the pen and been recaptured several times in the interval—and bright and early in the morning Boggles picked up the ax and sauntered forth to interview that turkey.

But, alas, when he opened the door of the pen no Thanksgiving dinner greeted his eager vision! The turkey was gone, and in place of it, pinned to the roof, was a dirty scrap of paper, upon which was scrawled the following explanatory message:

Much obliged for de turkey, mister, I was reatin' behind de pen last nite when you chased de turkey in an' herd you say you wisht de old Nick had de critter so I took you at yore word, it aint no great shakes of a turkey but it will make me an' me side partner an elegant Thanksgiving meal fer a change, within you de compliments of de season an' with hearty thanks fer yer generosity to 2 hungry waylifers I remaine yours truly

Boggles hurried down to the market and secured another turkey in time for his Thanksgiving dinner, and later in the day, when he had cooled off somewhat and was able to think of the matter without turning purple in the face, he sat down and figured up the turkey account as follows:

Original cost of turkey No. 1.....	\$1 00
Corn for same.....	50
Nails, wire and other material for pen.....	2 30
Paid Mr. Jones for chickens killed.....	2 00
Reward paid boy for return of turkey.....	50
General damages done to place by turkey.....	3 25
Time spent in chasing turkey.....	3 00
Paid for turkey No. 2.....	2 15
Total cost of turkey for Thanksgiving dinner	\$15 05

THAT DARK ROOM.

How to Make It the Brightest Corner in Your House.

In almost every city house there is at least one dark room or alcove. This alcove is the most difficult part of the house to furnish, and no matter how much care is bestowed upon it it never looks inviting in the daytime. Here is a suggestion which may help the woman who is confronted by a room of this sort.

The alcove in the illustration is most effectively treated in pale green, black and old rose. The portieres are pale green. The wall paper is a rich shade of old rose and gold, and the wainscoting is of Flemish oak. The furniture is also of the Flemish oak. The floors are of polished hard wood, and the Turkish rugs combine different shades of old rose, green and deep blue. High up on the wall there are two small, square windows through which the sunlight seems to shine. This effect is gained by having the small panes made

A BRIGHT WINDOW?

of yellow stained glass and by placing a good way back of the window, in a little recess, an electric light. This electric light is put in front of a reflector, which spreads its radiance into an even glow. If the reflector were not placed there, the small round spot of electric light would not seem natural. This is a very clever as well as an artistic way of making a dark room bright.

"A HELPING HAND"

Is gladly extended By a Janesville Citizen.

There are many enthusiastic citizens in Janesville, prepared to tell their experience for the public good. Testimony from such a source is the best evidence and will prove a 'helping hand' to scores of readers. Read the following statement:

Veteran A. F. Lee, of 61 Sharon St., carpenter, says:

For twenty years I troubled me a great deal, many days I could hardly keep at my work, and by rights should have stood at home and doctored. It was when my back ached so, and I have been completely laid up for three or four days at a stretch. When stooping or lifting sharp pains penetrated the kidneys, the secretions from these organs were too frequent and accompanied by pain. I used all kinds of remedies but none gave permanent relief. Obtaining Doan's Agency Pills at the People's Drug Co., I took them, and after the first three or four doses a noticeable change was brought about. I improved steadily from then on and on completing the first month I was in good condition and am now well.

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for U. S. Also on sale at King's Pharmacy.

ANOTHER PIONEER HAS PASSED AWAY

Death of Mrs. Edith Nott at the Age of Seventy-Seven Years—Funeral on Thursday.

After hovering for months in the border land between life and death, Mrs. Edith Nott has been released from earthly suffering and has passed onward to her certain reward for a life well and nobly lived. She entered into the peace and joy of the life everlasting this afternoon at about 2 o'clock, her death occurring at her home, 107 Madison street. Mrs. Nott was taken sick five months ago, being stricken with paresis, and from the first she has been a helpless but patient sufferer. During all this time death has seemed very near to her but the strength of an iron constitution had to wear itself away. A few days ago she suffered a second stroke and for the past three days she has been unconscious. All that was possible was done to make the last days of her active, helpful life as comfortable as possible but her family knew there was no hope of her recovery and even in their sorrow they felt grateful that her suffering was over.

Deceased was seventy-seven years of age and was a native of England, having been born in Edenbridge, twenty-nine miles from London, July 4, 1824. She was one of the pioneers of Rock county, coming to the county with her husband in 1846 and settling in the town of Centor where she lived until twelve years ago when the family moved to this city. Mrs. Nott was a cheerful, happy Christian whose religion sweetened her everyday life and manifested itself in her many deeds of kindness for others. Early in life she united with the Methodist Episcopal church and she has been one of the leading and devoted members of Court Street church during her residence here. Many friends will mourn her death most sincerely.

Mrs. Nott's husband preceded her to the home beyond the grave three years ago and she is survived by three sons and two daughters, William Nott of Portland, Ore.; A. D. Nott, H. F. Nott and Etta Nott, of this city, and Mrs. Lucy Strang, of Footville, Wis. Funeral services will be held from the home, Thursday morning at 11 o'clock.

Mrs. C. Teicherman Dead
The final summons of death was heard and answered by Mrs. C. Teicherman last evening at 9:25 o'clock, her death occurring at the home of Dr. and Mrs. H. A. Palmer, 1 Logan avenue, deceased being the mother of Mrs. Palmer. Mrs. Teicherman was a native of Switzerland and was seventy-nine years of age. She came to this county about fifty years ago and made her home in Monroe until she came to this city to reside with her daughter. She leaves a husband, Dr. C. Teicherman, two daughters, Mrs. H. A. Palmer of this city and Mrs. O. T. Vincent of East Delavan, and two sons, G. S. Teicherman and Chris. Teicherman, Jr., both of Monroe.

Brief services will be held from Mrs. Palmer's home tomorrow morning at 9 o'clock after which the remains will be taken to Monroe for interment.

Miss Hannah Tift Funeral
Rev. J. T. Henderson conducted the funeral services held at the last and tribute to Mrs. Hannah Tift at her late home on South Main street yesterday afternoon. Many sorrowing friends were present and many beautiful flowers bore messages of sympathy to the bereaved family. The appropriate song service was sweetly rendered by Mrs. Christine Hawley and at the close of the service the remains were taken to Oak Hill cemetery for interment. The pall bearers were Peter Caldwell, James Drummond, George Butler, J. J. Kendall, S. S. Higby and C. S. Tolsten.

Ernest Seton-Thompson Lecture
The lecture by Ernest Seton-Thompson at the Congregational church this evening is, in the estimation of many well-informed people, the strongest attraction on the Peoples' Lecture course and indications are that the church will be crowded this evening. The matinee given for the school children and teachers this afternoon was a great success and a church full of children with a large number of older people enjoyed the unique lecture on "Personality of Wild Animals." The lectures were elegantly illustrated with stereoscopic views and the lantern has been placed at the rear of the church so that it interferes with no one's view. Mr. Seton-Thompson is an interesting gentleman both on the stage and in personal conversation and no one should miss this opportunity to see and hear him.

School for Dancing.
Prof. C. C. Williams wishes to announce the reopening of his dancing classes at East Side Odd Fellows' hall, on Friday, November 29. Mr. Williams does not fail to impress his pupils with a high sense of refinement in the art and believes in dancing as a source of physical improvement as well as amusement. The series will consist of ten lessons, one being given each week. Evening class 7:30. Terms \$1 per scholar, \$6 per couple. Children class 4:30. Terms \$2 per scholar; two from same family, \$5. A scholar will follow the instruction each evening. Mrs. Williams will be present to assist in the work. Hoping to receive a liberal patronage, I am, Respectfully,
C. C. Williams, Member Normal School Association, Masters of Dancing.

WILL ENTERTAIN ALL THE TEACHERS

Unique Social Event Planned by Mr. and Mrs. W. S. Jeffris on Wednesday Evening, Dec. 4.

Mr. and Mrs. W. S. Jeffris have taken a departure from the popular method of entertaining and have issued invitations for a unique six o'clock tea to be given at their home 202 South Franklin street, on Wednesday evening, December 4. The invitations convey the information that the guests are invited to meet the teachers of the city and the guests will include the board of education and their wives, Supt. and Mrs. H. C. Buell and all the teachers in the public schools, former Supt. H. F. Bliss and Mrs. H. F. Bliss, Supt. and Mrs. A. J. Hutton and the teachers at the State School for the Blind and Miss Wilcox, the new kindergarten.

The gathering will be a unique one in the history of the city, it being the first time that the teaching force of the city has been recognized as a body in such a pleasant social way. Mr. Jeffris is president of the board of education and this new evidence of the interest which he and Mrs. Jeffris take in the schools will be appreciated not only by those who will be their guests but by all who are interested in educational matters.

Last evening Mr. and Mrs. Jeffris entertained the members of the force at the Merchants' and Mechanics' bank and their wives very pleasantly at their home. An elegant supper was served at six o'clock and the evening was very happily spent with music and a general good time.

Cash System Adopted

Owing to the increased prices of all supplies, the increasing number of accounts, the difficulty of collecting the same, and the time and attention it requires to collect, we, the undersigned laundries, have agreed to do only a cash business. After Dec. 1st, 1901, no bundle will be delivered unless paid for on or before the delivery of the same. Bundles not so paid for will be returned to the office. We feel positive that our patrons will find this more satisfactory to them as well as to us and trust that you will aid us in working for our mutual benefit. Five per cent. discount will be allowed on coupon tickets from \$1.00 to \$3.00, payable in advance. By this method you can always keep posted as to the extent of your laundry work and prevent all misunderstandings with your laundryman.

RICE WILL CASE OPENED.

Testimony Heard as to Testaments of Murdered Millionaire.

New York, Nov. 26.—The first testimony in the contest over the wills of William Marsh Rice, the Texas capitalist who died here last year under circumstances that led to charges of murder, has been heard before Surrogate Fitzgerald. Albert T. Patrick, counsel, who drew the second will in 1900, is in the Tomb charged with the murder of Rice. He was represented in court by Cantwell & Moore. William L. Hornblower spoke for the executor of the first will, dated in 1896, which has been in the custody of Capt. James A. Baker of Houston, attorney in Texas for the dead millionaire. John M. Bowers represented Rice Institute of Texas, to which the bulk of Rice's property was left by the will of 1896. Other heirs-at-law and minor beneficiaries under both wills also were represented by counsel.

May Stop Coal Shipping.

Pittsburg, Nov. 26.—Members of the Masters and Pilots' association struck for an advance of 33 per cent in wages. The towboat owners are preparing to start their boats with heavy coal shipments within the next twenty-four hours, and assert they will have no trouble in getting all the pilots needed to man vessels at the old rate, but the strikers say this will be impossible. The pilots have been getting \$2,000 a year, and demand \$3,000. About 10,000,000 bushels of coal await shipment on the present high water.

BASE STONES FOR THE MONUMENT

Four large stones for the base of the soldiers monument arrived in the city last night from Barre, Vt., and were sidetracked on the S. Paul company's tracks on North Main street. The stones are massive layers of granite and two flat cars were required to move them from Vermont to this city. One of the cars is a specially constructed granite car and has a truss frame work to keep the granite from shifting. The Milwaukee moving firm that has the contract for moving the stones will be here tomorrow to take charge of the placing of them on their foundation. It is expected that the main shaft will be along at once.

BIG SURPRISE ON
MR. C. E. BURDICK

A Crowd of Odd Fellows, His Lodge-mates, Celebrate His Fiftieth Anniversary Last Evening.

Fifty years ago in the town of Rock, two and a quarter miles from this city, E. C. Burdick, the genial traveling salesman, first opened his eyes and began looking about for possible customers. Having this semi-centennial anniversary to celebrate and Thanksgiving turkey to eat this week, Mr. Burdick decided to spend the week at home, instead of on the road. He knew that his wife had planned a family gathering for this anniversary of his safe arrival at the fiftieth milestone on life's journey and at the half century mark as a resident of Rock county, and he very wisely decided to keep his eyes open and not to be surprised in the family gathering was made to include friends as well as relatives. In fact he suspected that his wife would try to ring in some sort of a surprise on him today and he was all prepared.

But Mrs. Burdick seemed grieved with the power of mind reading and she resolved that he should be surprised in spite of himself. A hint to some of the Odd Fellows was sufficient and last evening as Mr. Burdick was enjoying a quiet game of cribbage at his home, 111 Pearl street, and chuckling to himself that he was going to be on the alert all day on the morrow for surprises, his home was suddenly invaded by a company of about twenty-five Odd Fellows and their wives. Mr. Burdick was taken completely off his guard and had to admit that he was surprised. He gave his unexpected guests a hearty welcome, however, and the evening was spent in very merry fashion with cards and other forms of amusement.

During the evening a sumptuous supper was served and before the guests departed for their homes, Miss Ada Brandt, in behalf of those present, very happily presented Mr. Burdick with a handsome encampment pin as a souvenir of the occasion.

This afternoon Mr. Burdick's birthday was celebrated again in a very pleasant manner. Mr. and Mrs. Burdick entertaining about twenty members of the family in a royal manner. An elaborate and elegant supper was served by the hostess and Mr. Burdick certainly has reason to remember with pleasure the fiftieth anniversary of his birth.

A Great Medicine.
"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Okla. "It cured me of bloody flux, I cannot speak too highly of it." This remedy always wins the good opinion, if not the praise of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by People's Drug Co. and King's pharmacy.

"Try a package of Mrs. Austin's Wheat Food, one for breakfast, delicious for dessert, sure to delight."

Suicide of Col. A. D. Anderson.
Washington, Nov. 26.—Colonel Alexander D. Anderson, the originator of the idea of commemorating the discovery of America which terminated in the world's fair at Chicago, committed suicide at Mount Vernon. Col. Anderson proposed a joint celebration by the three Americas at a public meeting held in this city in February, 1856. He was a commissioner to the fair. He was driven to suicide by illness, being a sufferer from stomach disease.

German Demand on Venezuela.
Trinidad, B. W. I., Nov. 26.—During the presence last week of the German cruiser Falke and the German training ship Stein at La Guayra President Castro ordered and obtained the trial and liberation of a Venezuelan who last April murdered a German trader in Caracas. The German legation here has urged punishment of this murderer, and is now awaiting instructions from Berlin in the matter.

MINERS DEFY THE COURT.

Strikers Erect New Tent on Site of One Confiscated.

Earlington, Ky., Nov. 26.—The union miners have erected another tent on the site of the camp which Judge Hall raided Sunday and hauled to Madisonville. At that time Leaders Rooney and Reed, who were at Nortonville, were not arrested, and Artie Oates, who had command of the camp, escaped after arrest. Fifty men are there, and Organizer Rooney says 250 more will arrive today. The union men are said to be relying on Judge-elect Glavin to again permit the camps in Hopkins county after January 1, although Judge Glavin announced that he will stringently uphold the law. During a quarrel at noon William Bradley, a brother of Representative-elect Bradley, was shot by J. W. Hancock and received two slight wounds. Hancock assisted last week in serving the papers on the strikers at the Nortonville camp.

WHAT CAUSES DEAFNESS.

The Principal Cause Is Curable but Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever some

times cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives as his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably overstated, but it is certainly true that more than half of the cases of poor hearing were caused by catarrh.

The catarrhal secretion in the nose and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing, and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured. Those who are hard of hearing may think this is a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing, and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve and anyone suffering from deafness and catarrh can satisfy themselves on this point by using a fifty cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers, as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a wholesome combination of Blood root, Qualeol, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat.

As one physician aptly expresses it: "You do not have to drag upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All druggists sell and recommend them. Their cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders will appreciate to the full merit Stuart's Catarrh Tablets.

Kills Self To Prove Courage.

Cincinnati, Nov. 26.—To prove that he was not a coward, as battling acquaintances had charged, William Dick, a barber of Norwood, committed suicide. Yesterday Dick, while with a party of friends, complained of being tired of life and said he felt like doing away with himself. He was told in a spirit of fun that he lacked the courage to kill himself. No more was thought of the conversation until today, when Dick went to the saloon where the group had gathered and announced that he had taken a dose of poison. He died within an hour.

Wood Sails for New York.

Havana, Nov. 26.—Governor General Wood returned here from his trip across the island. He has sailed for New York. It is expected that he will arrive at noon Thursday. He goes to meet the Cuban reciprocity commissioners in Washington and to discuss the question of reciprocity with President Roosevelt.

Supply Boat Is Flashed.

Washington, Nov. 26.—Secretary Long has received a cablegram from Admiral Rodgers at Manila, stating that the New York had managed to float the supply boat Iris, which stranded near Iloilo. The Iris apparently is not damaged.

Prison Wails Breset's Friend.

Millan, Nov. 26.—Louis Grannott, an accomplice of Breset, the assassin of King Humbert, has been sentenced to life imprisonment at the assizes. Grannott has not yet been captured.

AMUSEMENT NOTES.

The Kitties will appear at the Myers Grand to-morrow afternoon and evening. Of this aggregation the Chicago Inter-Ocean says:

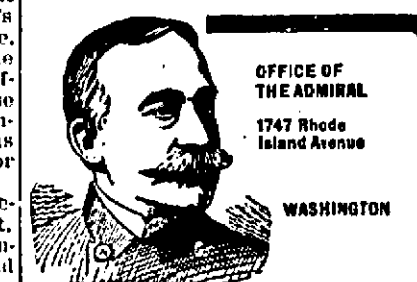

"The celebrated band of the Forty-eighth Highlanders of Toronto, Ontario played their return and farewell engagement in Chicago Monday night. It will be remembered that the 'Kitties,' as they are best known, played two grand concerts in Chicago on Thanksgiving day, to great audiences. They returned last Monday

night by special request. Another large audience greeted them. Again all were highly amused by the fine music of the band, by the wonderful dancing and Scotch piping, the melodious vocalists of the band glee club, the charming flute and cornet solos, the graceful and magnetic stage conduct of Bandmaster John Slatter and the picturesque costumes of the forty-two musicians who comprise the band. The band played patriotic American airs as well as Scotch and Irish songs of lasting fame. Such a pleasing band entertainment was never before seen or heard in Chicago. All America cannot produce anything similar. Come next year, Kitties.

For Friday night, the 29th, Manager Myers of the Myers Grand will play the attraction, "A Secret Warrant." The star is Willis Granger, the brilliant young actor. Mr. Granger is managed by M. W. Hanley & Son, who also control R. B. Mantell, and the farce-comedy, "A Runaway Match." Mr. Granger's managers have had the good business tact to surround this gentleman with a carefully selected company of actors. The play is one of intense interest so it is said, and also has a lot of very funny situations in it for the comedians. It will be presented with several scenic effects, and some very attractive stage costumes. The sale of seats is now on.

Lewis Morrison's version of "Faust" on a scale of splendor never before attempted, and with scenery and effects which are all new and elaborate, will be seen here shortly. The number and quality of the company and electrical effects have never been equalled for this play in former seasons.

DYSPEPSIA

Dyspepsia is called the "American Disease," as it is said to attack more residents of this country than any other. Americans live too rapidly—are always too hurried to give proper attention to the selection of food and to take the time to eat it. If you have an especially distressed condition of the stomach after eating, an inability to partake of the lightest meal with perfect freedom from a "crowded feeling" in the stomach immediately afterwards, belching, irritability and a generally disturbed mental condition, you have Dyspepsia.

Dr. Caldwell's Syrup Pepsin

THREE LINES. THREE TIMES, 25c

No Time to Lose

You cannot afford to disregard the warnings of a weak and diseased heart and put off taking the prescription of the world's greatest authority on heart and nervous disorders—

Dr. Miles' Heart Cure.

If your heart palpitates, flutters, or you are short of breath, have smothering spells, pain in left side, shoulder or arm, you have heart trouble and are liable to drop dead any moment.

Major J. W. Woodcock, one of the best known oil operators in the country, dropped dead from heart disease recently, at his home in Portland, Ind., while mowing his lawn.—*The Press.*

Mrs. M. A. Birdsall, Watkins, N. Y., whose portrait heads this advertisement, says: "I write this through gratitude for benefits I received from Dr. Miles' Heart Cure. I had palpitation of the heart, severe pains under the left shoulder, and my general health was miserable. A few bottles of Dr. Miles' Heart Cure cured me entirely."

Domestic Tragedy in Ohio.
Marietta, O., Nov. 26.—At Unionville, Morgan county, Robert Wilking and wife had a family quarrel. Mrs. Wilking, taking her baby, hurried to her father's, Jacob Stokes, a short distance away. The husband followed. Stokes and his wife were on the veranda. Robert Wilking, on arriving, shot and mortally wounded Mr. and Mrs. Stokes. A son of Mr. Stokes then appeared and shot Wilking in the neck, killing him.

Skyscraper for Paris.
Paris, Nov. 26.—One of the finest sites in Paris has become American property. The Equitable Life Insurance company has acquired the ground at the Boulevard des Capucines and the Rue de la Paix, overlooking the Grand opera house, where it intends to build, introducing the latest American methods of construction.

Lord Strathearn Very Sick.
London, Nov. 26.—Lord Strathearn and Mount Royal, the Canadian high commissioner, is confined to his house with a severe cold, and his friends are anxious.

Earthquake Kills 135 People.
London, Nov. 26.—An Odessa dispatch says that 135 persons were killed in the Ezeroun earthquake.

Pagitt Held for Robbery.
London, Nov. 26.—"Dick" Burge, the well-known lightweight pugilist, has been arrested on suspicion of complicity in the robbery of the Bank of Liverpool, which was discovered last Friday, when a clerk named Goudie, absconded on being questioned as to defalcations amounting to \$850,000. Burge was charged formally with uttering, knowing the same to be forged, five checks of the aggregate value of \$430,000.

Fire Rising in the Yukon.
Chicago, Nov. 26.—Overland through Alaska to the sea, by water to Seattle and through the United States on the way to Ottawa, officials of Yukon territory are, feeling to plead for help at the Canadian capital to put down a rebellion. Three of these officials arrived in Chicago yesterday, and others are on the way.

Clem Stadelaker Is Worse.
South Bend, Ind., Nov. 26.—Clem Stadelaker is failing. He passed a good night, but is weaker than at any time since he became ill. In the afternoon he passed a few hours in sleep. At 6 o'clock, however, he grew restless. Inquiries concerning his condition are coming from all parts of the country.

Alexander Sullivan's Trial.
Chicago, Nov. 26.—Eleven of the twelve jurors who will try the case against Attorney Alexander Sullivan, charged with conspiracy in the James J. Lynch jury-bribe cases, have been secured.

District Judge Murdered.
San Diego, Cal., Nov. 26.—The murder of Leandro Flerror, judge of the Alamo district in Lower California, is reported from below the line, and the crime is laid at the door of Pedro Morales, the border outlaw sought on both sides of the line for almost every crime from murder down. The outlaw was away from his haunts near the line at the time the crime was committed, and he had threatened Flerror.

Mississippi Town Wiped Out.
Memphis, Tenn., Nov. 26.—Jones-town, Miss., was practically destroyed by fire. Fourteen stores and six residences were burned. The total loss will be about \$75,000. The origin of the fire is not yet known.

Wealthy New Yorker Robbed.
Cleveland, O., Nov. 26.—Gustav Heinrich, a wealthy furrier of New York city, was assaulted and robbed of diamonds valued at \$350 while on his way to his hotel after calling on friends. Heinrich states that two highwaymen threw a lasso about his head, choked him into insensibility, robbed him of his diamonds and threw him into a nearby yard. Passers-by heard the man's feeble cries, and he was taken to the hospital. The hospital authorities report that he is not seriously injured and will recover from his injuries within a few days. A gold watch and \$225 in money in Heinrich's pockets were not taken.
